

# FUZE

NON-IONIC WETTER / SPREADER / PENETRANT

## PRINCIPAL FUNCTIONING AGENTS:

Alkylphenol ethoxylate, polyether-modified polysiloxane,  
and glycol blend .....100%

All ingredients in this product are exempt from the requirements of a  
tolerance as specified under Title 40, Code of Federal Regulations 180.

**WARNING**  
KEEP OUT OF REACH  
OF CHILDREN

**WARNING: Causes serious eye irritation. Causes mild skin irritation. May be harmful if swallowed or inhaled. Wear protective gloves, protective clothing, and eye and/or face protection. Wash hands, face, and other affected areas thoroughly after handling. Do not eat, drink, or smoke when using this product. If eye or skin irritation occurs, seek medical attention.**

## GENERAL INFORMATION

FUZE is a superior organosilicone surfactant developed for water-based herbicides in agriculture, horticulture, industrial, turf and forestry applications. It is designed for quick spreading and wetting, uniform droplet distribution and absorption on leaf and stem surfaces. FUZE may be used with most pesticides and fertilizer products. Care must be taken in treating sensitive crops during periods when plants are subjected to drought stress, high temperatures, and high humidity. Disclaimer: Always refer to the label of the pesticide before using FUZE or any other product.

**ENVIRONMENTAL HAZARDS:** Do not apply directly to water, or to areas where surface water is present, or to intertidal areas below the mean high water mark. Do not contaminate water when cleaning equipment or disposing of equipment wash waters.

## DIRECTIONS FOR USE

CHEMICAL GROUP	Pints of FUZE per 100 gals. of spray mixture
Insecticides, Miticides & Fungicides	0.25 to 2 pints
Herbicides	0.75 to 4 pints
Glyphosate formulations w/out added surfactants	8 pints
Defoliant & Desiccants	0.75 to 4 pints
Fertilizers & Micronutrients	0.25 to 2 pints

**Aerial Application:** When applying aerially, follow pesticide label directions including minimum water volume per acre. Do not substitute FUZE for water required by the pesticide label. FUZE is not recommended for aquatic applications.

**MIXING:** Mixing and application equipment must be cleaned according to cleaning directions on labels of pesticide used before application. Fill tank 2/3 to 3/4 full of water, then begin agitation. Add an antifoam to the spray tank before pesticides, nutrients and/or FUZE are included. Consult the pesticide and/or fertilizer labels for recommended sequence of addition. While agitating, add FUZE and mix for 1 to 2 minutes with lower than normal agitation. Continue filling tank while agitating. For most effective results, apply within 36 hours after mixing.

**STORAGE:** Store product in original container only, away from other pesticides, fertilizers, food or feed. Do not use, spill, or store near heat or open flame. Keep this container closed when not in use and take care to prevent any water from being introduced to the contents of this container.

**DISPOSAL:** Do not contaminate water, food, or feed by storage or disposal. Triple rinse container and pour rinsate into spray tank. Do not reuse container. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit [www.acrecycle.org](http://www.acrecycle.org). Dispose of contents/container in accordance with local/national regulations.

## FIRST AID

**IF SWALLOWED:** Call a poison control center or doctor immediately for treatment advice. Have the person rinse mouth and sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. **IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do - continue rinsing. If irritation persists, seek medical attention. **IF ON SKIN OR CLOTHING:** Immediately take off contaminated clothing and wash before reuse. Rinse skin immediately with plenty of water for 15-20 minutes. If skin irritation occurs, seek medical attention/advice. Call a poison control center or doctor for treatment advice. **IF INHALED:** Remove person to fresh air and keep comfortable for breathing. Call a poison control center or doctor if you feel unwell. If person is not breathing, call 911 and give artificial respiration.

**NOTICE OF WARRANTY:** Seller warrants that this product conforms to the chemical description on the label thereof and is reasonably fit for purposes stated on such label only when used in accordance with the directions under normal use conditions. It is impossible to eliminate all risks inherently associated with the use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or the manner of use or application, all of which are beyond the control of the Seller.

**IN NO CASE SHALL SELLER BE LIABLE FOR CONSEQUENTIAL, SPECIAL OR INDIRECT DAMAGES RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT. ALL SUCH RISKS SHALL BE ASSUMED BY THE BUYER. SELLER MAKES NO WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE NOR ANY OTHER EXPRESS OR IMPLIED WARRANTY EXCEPT AS STATED ABOVE.**
