

X-CELERANT™

PROPRIETARY BLEND AMS REPLACEMENT / DEFOAMER / DRIFT RETARDANT / SURFACTANT / WATER CONDITIONER

X-CELERANT is a proprietary blend of high quality surfactants and ammonium salts.
X-CELERANT is a liquid AMS replacement that will enhance the activity of certain post-emergent herbicides.

X-CELERANT Advantages:

Consists of surfactants, defoamer, drift control agent and ammonium salts
ALL IN ONE PRODUCT
Acts as a water conditioner
Absorption activator
Use when AMS is recommended
Low use rate / easy to handle

0 = HIGH AVAILABILITY
LESS PACKAGING / LESS WASTE

2009 adjuvant study comparing X-CELERANT to AMS
Independent laboratory results of 1 quart of
X-CELERANT's performance compared to 20 lbs of
Ammonium Sulfate

Recommended Application Rate:
1-2 qts per 100 gals of water
